

# Memory DDR4 RDIMM 2666 Low Profile 32GB

**Kode** : DDR4-RDIMM-VLP-32GB

**Kategori** : Innodisk Industrial Memory

**Harga** : Rp 4.040.000,00

Innodisk Server Memory deliver high performance and work toward a full fan-less design with compact design and low power requirements. The modules are designed for use in the data center, telecom, workstation and server environments. All modules are ently doubled-tested to ensure compliance, and all ECC and RDIMM are also equipped with 30 $\mu$ " Golden Fingers.

Supported Hardware : **MikroBits Etna**

Penawaran Harga Spesial

 **08112039555**

## Features :

- Very Low Profile Specialized For Use in 1U System
- Register for Enhancing Clock, Command, and Control Signals
- Single Error Correction and Detection Available
- Fully Tested and Optimized for Stability and Performance
- Uses Original IC to Meet Strict Industrial Standards
- Anti-Sulfuration Protection Against Harsh Environments
- JEDEC Standard 1.2V (1.26V~1.14V)
- Operating Environment : 0°C ~ 85°C
- 30 $\mu$ " Gold Finger
- RoHS Compliance
- CE/FCC Certification

## Specification :

|                        |                            |
|------------------------|----------------------------|
| Interface              | DDR4                       |
| Form Factor            | RDIMM VLP                  |
| Data Rate              | 2666 MT/s                  |
| Capacity               | 32GB                       |
| Function               | Registered Memory with ECC |
| Pin Number             | 288pin                     |
| Width                  | 72Bits                     |
| Voltage                | 1.2V                       |
| PCB Height             | 0.738 Inches               |
| Operating Temperature  | 0°C to 85°C                |
| 30 $\mu$ " Gold Finger | Y                          |
| Anti-Sulfuration       | Y                          |
