Harga : Rp 315.000,00

Rp 555.000,00

StationBox® S Carrier Class is a shielded compact outdoor enclosure for MikroTik boards. The entire body is made of die-cast aluminium and covered by UV resistant paint for increased durability. StationBox® S Carrier Class offers excellent protection against the most demanding outdoor conditions.

Paket ini hanya terdiri dari Box Enclosure, belum termasuk perangkat wireless.

StationBox® S CARRIER CLASS

StationBox® S CARRIER CLASS is compact enclosure designed for Router Board™ RB922, RB912 and RB911. StationBox® S CARRIER CLASS is made of die cast aluminium. It provides durability, extended environmental resistance and RF shielding. By integrating the RouterBoard™ you will create compact, robust and shielded connectorized radio powered by MikroTik™ technology.

It is compatible with UBNT airMax™ radio mounting system, therefore you can clip it to compatible antennas instantly.

Compatible Wireless Platforms :

MikroTik RouterBoard RB922, RB911, RB912, RB711, RB411

RFElements Antenna : SEC-CC-2-14, SEC-CC-5-17, SEC-CC-5-20
